CD NO. USSR (Kaluzhskaya Oblast) 6 Mar 1952 DATE DISTR. **S**JBJECT New Industrial Plant with Power Plant near Kaluga NO. OF PAGES 25X1A #LACE NO. OF ENCLS. 1 ACQUIRED fLISTED BELOW: DATE OF 25X1 SUPPLEMENT TO INFO REPORT NO. S DOCUMENT CONTAINS INFORMATION AFFECTING THE NATIONAL DEFENSE THRU UNITED STATES, WITHIN THE REANING OF TITLE 18, SECTIONS 798 7794, OF THE U.S. CODE, AS AMERICA, ITS TRANSMISSION OR REVEL-DROFF ITS CONTENTS TO OR RECEIPT BY AN UNAUTHORIZED PERSON ROBUSTION DRAW THE APPRODUCTION OF THIS FORM IS PROBLETING. THIS IS UNEVALUATED INFORMATION 25X1 1. On a hill about 2 km north of Maluga (54030 m/36018 m) Kaluzhskaya Oblast, and 1 km east of a small tributary of the Oka River was a plant covering an area of about 1,200x1,000 meters. The construction of the installation are started in 1938 and the project was two-thirds completed at the heginning of the wor. The empty verishops were used as warehouses. Construction work was resured in 1945. In 1947 the framework of all workshops was co pleted and the once plant was 90 percent finished. However, the workshops here not yet furnished and only a printing press was in operation. Dismantled machinery, most of it vieness equipment, arrived from Germany after 1945. Highty percent of the machinery comgrised lathes and electrical machines of small sizes unsuita le for the machining of large or heavy steel farts. These the hines and those of U.S. origin we e stored in workshops and in the open. Power was suplied to the plant from Kaluga. The plant had railroad connection. * 2. From the machines it was inferred that the production of small engines was planned at the plant. The official version was that it was to be a perfurery. About 500 Soviets and 1,200 P. s were employed at the plant. 25X1A Comment. For plant layout see Annex. 1 Annex: 1 shetch on ditto. Becament No. _ No Change in Class. ☐ Declassified Class.
